the doctor, after having vainly counselled him to "tarry the Lord's leisure."

The physician, being young and medern, dees not believe in the Lord; neither does he believe in angels. He will set things right in this world with his own idealism—and money—and the tale is off, with all its complications, dissevers and final adjustments.

Mr. King is a best-seller whose popularity is easily understood. He feels deeply and sincerely, he believes that

make for solidarity

posters belong in some tective fiction, and then the strange tale begins to unfold the first a supreme experience into "cop". Then the strange tale begins to unfold itself, with its vista of ultimate happing and a worthy man's unreasonable sense of rectitude. The physician's part in the local color and at the murder trial in an of hers, "Patience Sparsher reported a later case of rectitude. The physician's part in this final episode is the stranges to a story whose extraord that work last year, is finding the task that the supreme touch of units work last year, is finding the task that the supreme touch of units work last year, is finding the task that the supreme touch of units work last year, is finding the task that the supreme touch of units work last year, is finding the task that the supreme touch of units work last year, is finding the task that the supreme touch of units work last year, is finding the task that the supreme touch of units work last year, is finding the task that the supreme touch of units work last year.

FIGURES UNFAIR

Rosensohn Attacks Rail road's Plea for Higher Passenger Fares.

SHOWS DISPARITY

Says Statistics Make Carrying Cost in State Thrice as Great as Outside.

Albany, Feb. 25 .- S. J. Rosensohn, Assistant Corporation Counsel of New trict Public Service Commission here

able for proportioning passenger and new freight expenses should not be applied past in the present case. He believed that and the rates should be determined on a basis of the comparative freight and passenger ton miles, and asked the railroad for information which would enable the determining of rates in that

Ages Mr. Rosensonn criticised tral's methods of proportioning revenues and expenses between state and interstate passenger business. He interstate passenger business. interstate passenger business. He pointed out that the railroad had mandered are a basis of this division and arbitrary figure of 79 per cent, supposed to represent the ratio of milewithin the state to that without age within the state to that without the state, and treating this with the number of passengers carried. He argued that because this figure did not take into account the number of miles each passenger was carried in state nd interstate traffic, it was seriously

Dispute Road's Figures.

accountants took into consideration only fares for transportation between points in the state. It had been testified that the passenger revenue within the state was \$15,513,000 in 1914. It was brought out to-day that the total passenger revenue from the entiting against her. Thirteenth Street, who draws humorities aystem from New York to Chicago for the same year aggregated \$40.164,000.

is of especial suprial interest because it was in the stage presentation of the play, in which they both assumed the same roles that they portray in the film, that Miss Doro and her husband first met. The exterior scenes for the production were taken at Palm Beach, Fla., from which the party returned last week, where one of the most celebrated estates on the Atlantic scaboard was placed at their disposal.

"Diplomacy" is scheduled for release on the Paramount programme February 27, and is the eighth Charles Frohman play to be adapted to motion pictures under the arrangement entered into by the Famous Players and the noted theatrical manager just before his death. Henry C. Frick is to add a one and a half atory structure to his new home, occupying the Fifth av. block front between 70th and 71st sts., to house his Marcus Loew showed New York ollection of statuary.
